About the
Semper Fi & America's Fund

The Fund is dedicated to providing immediate financial assistance and lifetime support to our Nation's critically wounded, ill, and injured service members, veterans, and military families.

We operate our programs and services through a "needs-based" approach. Staff and volunteers work one-on-one with our service members, veterans, and military families—providing ongoing support for as long as legitimate needs require.

**Semper Fi &
America's Fund**

We are honored to be considered one of our Nation's most trusted charities.
